"Committed to Educational Excellence"

November 14, 2009

Look at the schools listed in the heading above... there is a new addition!

We are pleased to announce that ISG and BAE Systems are forming a partnership to operate a new school on the new Sara Village Compound. The school will offer the British National Curriculum from Pre Reception to Year 6 for the children of BAE Systems employees.

BAE Systems has constructed and furnished a modern, bright and attractive school building. In partnership with BAE, ISG will add technology and school resources that are necessary to meet the needs of pupils' daily educational experiences.

More information will be coming to parents and the community throughout the 2009-2010 school year prior to the opening of the Sara Village School in September 2010. ISG will host a meeting with parents in the springtime so that we can explain how the school will operate and provide an opportunity for parents to ask questions and share their ideas.

International Schools Group has considerable expertise in the operation of schools. Our experience spans 47-years of providing high-quality education for expatriate families living and working in Saudi Arabia.

ISG will provide a truly world-class education at Sara Village School similar to that provided at our Dhahran British Grammar School.

ISG's formula for success is simple:

Motivated students
Supportive parents
Dedicated staff
Leadership focused on educational excellence

We are proud and excited at the prospect of adding Sara Village School to the ISG family of schools. ISG is looking forward to working with BAE Systems as our newest partner.

BAE and ISG ... Educating your children for the needs of the 21st century

Respectfully,

Norma Hudson
ISG Superintendent

Ian Jones
DBGS Head Teacher
